Re: *In re: Volkswagen "Clean Diesel" Marketing, Sales Practices, and
Products Liability Litigation*, MDL No. 2672

Dear Judge Breyer:

Pursuant to Pretrial Order No. 2 (PTO 2), Thomas J. Brandi and The Brandi Law Firm respectfully submit this application for appointment to the Plaintiffs' Steering Committee. I am the principal of The Brandi Law Firm, which only represents plaintiffs in personal injury, product liability, and consumer actions. My firm filed a Volkswagen matter in this Court (*Goodrich, et al. v. Volkswagen et al.* 3:15-cv-04397) on September 24, 2015, and we have additional owners we have yet to add as plaintiffs.

Willingness to Serve, Work Cooperatively, and Devote Required Resources

I am willing and able to commit considerable time and resources of my firm to this litigation beginning immediately. Throughout my practice, I have demonstrated that I am detail oriented, have the resources to see a matter through to completion, work well with others on both sides of the litigation, and am able to successfully try a case. This case presents its unique set of facts that require organizational skills to effectuate realistic negotiations, preparing the case so that the matter can be realistically resolved in a practical manner, or failing a fair resolution, ensuring that necessary preparations are completed to effectively try the remaining portions of the case.

Other Considerations in Support

Like most other attorneys that have submitted applications for steering committee positions, I too am a member of most of the peer recognition societies, including the International Academy of Trial Lawyers, the American College of Trial Lawyers, and the American Board of Trial Advocates (ABOTA) and the Litigation Counsel of America. For the last twelve years, I have taught Trial Practice at University of San Francisco School of Law. I have also served as President of the Consumer Attorneys of California and the San Francisco Trial Lawyers Association, and am the Honorary Consul of Slovenia.

I have tried cases to verdict in 17 jurisdictions and extensively negotiated cases in both collective and individual actions on behalf of numerous plaintiffs in a variety of settings. In addition, my work on bar committees and as Consul for Slovenia has involved a great deal of complex negotiations and organization of disparate factions toward common goals.

I am applying for a position on the Plaintiff steering committee to represent all parties. The magnitude of this case will likely require a number of attorneys collectively working in an organized fashion to bring together all of the dissimilar groups. There are a number of outstanding people applying for lead positions, many of whom have distinguished backgrounds, and I believe I can work well to assist anyone selected to achieve the best result possible for the Plaintiffs.

Thank you for your consideration.

Very truly yours,

Thomas J. Brandi
